

Technical information

**Size:**

220\*148\*39mm

**Weight:**

465 g

**Operating Temperature:**

-25 - +55°C

**Connectors:**

TNC female input and 5 x TNC female output

**Frequency range:**

1100-1700 MHz

**Noise figure:**

<5 dB

**Impedance:**

50Ω

**Attenuation:**

-4 dB and 4 x -12 dB

**Power supply:**

The splitter is powered through the RF input connector from the ROGER GNSS Repeater
