 **iridium®**
Everywhere

Smarter. Tougher.

A new force in mobile communications has arrived. It is the first phone to combine location awareness, SOS, and market leading toughness. No other satellite phone lets you take so much with you in hand, all over the world.

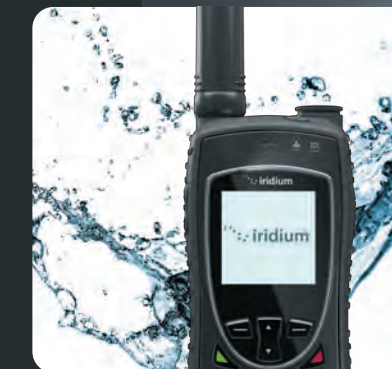

STANDARDIZED

OPTIMIZED

RUGGEDIZED

In Touch

Iridium Extreme™ is built with the same reliable voice and data capability that users have come to trust from the only real mobile, real global satellite communications company in the world. But Iridium Extreme™ doesn't stop there.

More Features Than Any Other

Iridium Extreme™ is engineered with more features than ever before and more accessories than any other satellite phone on the market, providing people with even more ways to connect.

- GPS-enabled location-based services
- Online tracking
- Customized solutions enabled for diverse markets
- Accessories to create instant Wi-Fi hotspots
- Certified S.E.N.D. by Search and Rescue Regulating Body (RTCM)
- Reliable two-way global coverage
- Toughest military-grade designed satellite handset ever built

On Track

Iridium Extreme™ is the first satellite phone to offer the fully integrated services of customizable GPS, Online Tracking and Emergency SOS with Notification. More than a phone, it is a real mobile, real reliable tracking device with truly global coverage.

The Only Phone With Integrated Tracking

Through certified online portals, Iridium Extreme™ offers an open development platform for custom location-based solutions providing real time tracking to increase business efficiencies, improve military and emergency response, track critical assets or simply keep family and friends up-to-date.

- Access users through on-demand tracking
- Monitor employees en route through position updates and geo-fencing
- Use scheduled check-ins to instruct daily missions
- Let family and friends track your location online through social network updates
- Ensure safety of remote personnel
- Disable tracking on demand for stealth operations
- Using Google Maps, Iridium Extreme™ even allows you to send an SMS text message with your exact location co-ordinates to anyone, from anywhere on the surface of the planet

The Only Phone With Integrated SOS

Iridium Extreme™ is the first phone ever built with a programmable, GPS-enabled, one-touch SOS button. A certified Satellite Emergency Notification Device (SEND), Iridium Extreme™ will notify help in an emergency, then notify you when help is on the way.

- Customize your SOS contact
- Send a one-touch distress message
- Notify recipient of your exact location
- Confirm receipt of your message

From One Extreme To Another

It may be our smallest satellite phone, but Iridium Extreme™ is big on toughness and is built to take a beating. It is ruggedly engineered to support the toughest, highest usage customers of satellite phone communications in the harshest conditions, everywhere.

The Toughest Phone Ever

No other phone in the world has more guts or grit than Iridium Extreme™.

- The first satellite phone with military-grade 810F durability
- The first satellite phone with an Ingress Protection rating of IP65

- Built dust proof, shock resistant and jet water resistant
- Includes a speakerphone and wind resistant microphone
- A diamond tread, tapered grip gives it the best in-hand ergonomics of any satellite phone on the market

Iridium AccessPoint

Combined with your Iridium satellite phone, Iridium AccessPoint allows you to create a Wi-Fi hotspot and connect to the Internet. Now you can keep in touch on your trusted devices from anywhere on the surface of the planet.

Iridium AccessPoint is part of our unique vision for using the power of the world's furthest reaching network to bring extended and enhanced personal communications to people and organizations, everywhere.
